

We spend the time to understand your business and select the right candidate to meet your needs. By employing our skilled and motivated candidates you have access to the **Job Cover Placement Program** and **Work Trial Program** which offer significant benefits to you and your business. We facilitate and monitor these programs so you can feel confident and supported through the process.

**INTERACT
INJURY
MANAGEMENT**

Here's what other employers have said about these Programs:

“The Work Trial Program is a great service with mutual benefits in that the candidate was able to re-enter the workforce, learn new skills, diversify, and at the same time **we met our business needs to the highest quality.**” Managing Director, Automotive Industry

“The Program allowed us to invest our time in **training and upskilling the individual before they commenced paid employment with us.**” Executive Director, Gardening and Landscape Industry

“The Interact Group are always monitoring and tracking the progress and wellbeing of the individual we have employed through the JCPP. This makes a huge difference in the **longevity of employment** of that individual” Managing Director, Automotive Industry

“Our Interact Group Consultant worked really closely with the business to really **understand the role** we were trying to fill.” General Manager, Hospitality Industry

“With the sudden growth of our business it became necessary to look for additional staff who could join us straight away. Our Interact Group Consultant took the time to understand our needs and **match us perfectly with the right individual** to do the job and tasks we required.” Managing Director, Automotive Industry

“The Work Trial Program was beneficial for us in the way in which we were able to trial an individual to **ensure they had the right skills to do the job.**” Executive Director, Gardening and Landscape Industry

“The JCPP paperwork and processing was very simple and our Interact Group Consultant always made sure there was **no imposition on our time**, which, when running a small business, is always at a premium.” Managing Director, Automotive Industry
